

MADAM SPEAKER.—Sri K. Subramanaya Gowda may put question number 425 on behalf of Sri U. T. Fareed.

## SCARCITY OF DRINKING WATER IN SURROUNDING AREAS OF MANGALORE MUNICIPALITY

425 SRI K. SUBRAMANYA GOWDA (Belthangadi) [on behalf of  
Sri U. T. Fareed (Mangalore).—

Will the Minister for Law and Municipal Administration be pleased to state.—

(a) whether it has come to the notice of the Government that there is an acute scarcity of drinking water in the surrounding area of Mangalore Municipality like Kankanady. Padil, Kulushekar, Yeyyadi and so on;

(b) if so, the steps taken to extend the water supply scheme of Mangalore Municipality to those areas also?

SRI D. K. NAIKAR (Minister for Law and Municipal Administration).—

(a) Yes.

(b) Under examination of the Government.

SRI SUBRAMANYA GOWDA —In reply to (b) you have stated that the matter is under examination of the Government. Whether it is under examination of the Government to supply water or not?

†SRI D. K. NAIKAR.—The supply of water from Mangalore Municipality is entirely depending upon the expansion of municipal area. That question is under examination of the State Town Planning Authority

K. SUBRAMANYA GOWDA.—May I know when the Government will be able to supply water to those areas?

SRI D. K. NAIKAR.—First thing is that the State Town Planning Authority must submit proposals for the expansion of the Municipal boundaries and then the question of providing water supply or extending water supply will arise.

SRIMATHI ADDY SALDANA.—What are the practical difficulties for the Government to give water connection to these areas as the main pipe runs through these places?

SRI D. K. NAIKAR.—The areas mentioned are not coming within the purview of the Municipal limits. Therefore, the municipal limits will have to be extended to give water supply to those places.

SMT. ADDY SALDANA.—Will the Government give top priority to this matter as there is acute shortage of water in those places?

SRI D. K. NAIKAR.—I have already said that matter was under examination of the Government. It would be considered.

### LIFT IRRIGATION SCHEMES IN INDI TALUK

480. SRI J. L. KABADI (Balloli).—

Will the Minister of State for Minor Irrigation be pleased to state.—

(a) the place where the lift irrigation schemes have been taken up in the Indi taluk;
